Key qualities:

- Creative digital content and graphic design creation
- Flash design and animation
- Team player and/or team leader
- Art direction
- Design project management
- Digital campaign idea generation

Skilled in:

Premiere Pro, After Effects, Flash, Dreamweaver, Photoshop, Illustrator, Final Cut Pro, HTML, CSS, Wordpress, InDesign, Microsoft Word, Microsoft PowerPoint

Experience in:

PHP, MySQL, JavaScript, jQuery, Flash actionscripting, Doubleclick Studio, Eyeblander

EMPLOYMENT HISTORY

March 2011 - Present: Studio D (Waggener Edstrom), Senior Designer

Responsible for the 'experience team' in Studio D in the UK. My role involves the production and quality assurance of all creative jobs coming through the agency. From concept and art direction through to production and completion. Clients include GE Healthcare, Casio, Microsoft, GSMA, Shire Pharmaceuticals and Avanade (a Microsoft partner).

Responsibilities:

- Digital display banner/rich media banner design and creation
- HTML email campaign design and builds
- Digital campaign idea generation
- Design, creation and management of various client and company websites
- Advising and managing our junior designer and freelancers

February 2005 – December 2009: LEWIS PR, New Media Manager

With the support of a junior designer I was responsible for the creation and execution of all new media projects for a global network of 32 offices.

Responsibilities:

- Viral marketing campaigns
- Flash video presentations (on and offline)
- Interactive Flash design and web content
- Web design, builds and management
- Leading brainstorming
- Filming clients for Flash video presentations and corporate videos
- Capturing and editing video for Flash video presentations and corporate videos
- A variety of print work including t-shirt designs, print ads and brochures
- Dealing with clients on a daily basis
- Managing our junior designer
